CLATSOP COUNTY WILL BE THOROUGHLY ADVERTISED

Next Issue of "Exposition" Will Be Devoted to Interests of This Section.

A. Noltner, representing the Exposition a magazine edited by Mrs. Weathered of Portland, addressed the Chamber of Commerce last evening on the subject of making a special Clatsop county number out of the next issue of the publication. Besides cuts illustrating the various resources of the county the plan is to have an eight or 10,000 word write up. The chamber was favorable to the proposition and voted to contribute half of the amount to be raised by local commercial bodies for covering the necessary expense. Mrs. Weathered will be in Omaha in at-

tendance at the convention of the National Editorial association the first part of next month and will distribute 1000 copies of the Clatsop county number amongst her associates there and several thousand numbers will be distributed by the Harriman system. The plan is voted a good one and the expense is considered as comparatively light. Mr. Noltner will be in the city and vicinity for two or three days in the interests of the county.

A communication from Major Langfitt in reply to a letter by Judge Bowlby relative to the proposed dredging below Smith's point, was read by the secretary. The communication noted that a survey would be made at an early date and that the dredging would follow soon thereafter.

COMPANY MAKES A HIT

"The Power of Wealth" Greatly Pleases Big Audience.

The opening bill of the Allen stock company was received by an enthusiastic audience at Fishers' theater last night when the comedy-drama "The Power of Wealth" was presented in a capable manner.

Little Verna Felton was unquestionably the star of the evening, her acting and singing completely captivating the audience. This little lady gives great promise of rising to the foremost place in her profession, as she possesses the spirit of the true artist, and is bound to win new laurels in the future.

Specialties by Frank Walsh and Chas. Royale were exceedingly well received, while William Bond rendered some original numbers. The specialties were all new and taking.

The company carries a band and orchestra of trained musicians which is

well worthy of mention. A concert will be given each day at 3:30 that will be well worth listening to. Tonight the company will be seen in that fine society drama "Shall We Forgive Her?"

THREE YEARS FOR FORGERY

Three years in the penitentiary was the sentence Judge McBride yesterday gave J. K. White and Charles Finn who pleaded guilty to forging the name of C. C. Maston to a check. There was a second count against both men, but it was dismissed after they had pleaded guilty to the first. These men attempted to pass worthless checks in several saloons, and acted in a singularly bold and open manner. The sentence that has been meted out to them will in all probability have a deterrent effect upon the large number of check workers that have attempted to get in their work.

Hannaford Is Now Inspector

Under New State Law He Will Look After All Plumbing Done in City.

Under the state law which went into effect a month ago, Mayor Supplement has appointed James Hannaford plumbing inspector for the city, and Will Laws, John Montgomery and T. J. Mansir as a board of examiners for those desirous of taking out licenses as plumbers.

The position of inspector carries with it a salary, the amount of which will be determined by the city council, but the examiners serve without pay, although their expenses are allowed.

Every journeyman plumber must pass an examination before the board, and if successful must pay a fee of \$1.00 to obtain a license from the city clerk or auditor. Every master plumber must register his place of business and must pay \$5.00 for a license. The fees form a fund to be used in paying the expenses of the examining board.

The inspector has power to inspect all plumbing done in accordance with permits issued by law, and within 90 days from Sunday last the council must pass an ordinance making rules governing the construction and alteration of all plumbing done in the city.

Applicants for journeyman licenses are to be examined regarding their knowledge of plumbing, house drainage, and plumbing ventilation. No examination will be required after the first year, licenses being renewable on payment of the fees.

Skin Humours, Scalp Humours, Hair Humours,

Whether Simple Scrofulous or Hereditary

Speedily Cured by Cuticura Soap, Ointment and Pills,

When All Other Remedies and Best Physicians Fail.

COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disgusting, itching, scaly, crusted, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as bad blood, scrofula, inherited and contagious humours, with loss of hair, glandular swellings, ulcers, patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbuncles, scurvy, sties, ulcers and sores arising from an impure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods fail.

And greater still, if possible, is the wonderful record of cures of torturing, disgusting humours among infants and children. The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless cures for the skin and blood. Infantile and birth humours, milk crust, scall head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and even the best physicians, fail.

KLONDIKE GOLD DECREASING.

Although thousands of prospectors have been exploring the Klondike region for over a year, no new mines have been discovered, and the government expert reports that this year's production will be \$10,000,000 less than last year. In this respect the Klondike resembles the majority of new medicines that spring up from time to time. They seem to flourish for a season, but because of lack of merit soon play out. Not so, however with Hostetter's Stomach Bitters, which has been before the public for fifty years, and is today more in demand than ever. Its wonderful success is attributed to the fact that it positively cures indigestion, dyspepsia, flatulency, headache, constipation, biliousness, and malaria fever and ague. Try a bottle and see for yourself.
